Happy, smilin', cryin' outburst to my past  
I guess those stormy gray skies simply couldn't last  
And now I find myself a-tugging at your dress  
The fun of holding you down, or seein' you frown, it's  
never gonna pass  
Somewhere there's a place a soul can never go  
Gray like stormy skies I hoped you didn't know  
All our postcards full of things I won't forget  
And now it's coming down, that laughing clown is all I  
ever get  
Another second time around I've been runnin' from ya  
Another second time around  
Another second, one more second time I waited for ya  
Another second time around  
Couldn't help myself  
I felt like everything was gonna pass  
It was an awkward time  
I hoped it wouldn't, hoped it couldn't last  
And I didn't know exactly what to say  
About the things you saw me do my evil way  
And I know you're lyin', cryin' in your bed  
Well I'm all tired out, so wired now, it's ringing in my  
head  
Another second time around I've been runnin' from ya  
Another second time around  
Another second, one more second time I waited for ya  
Another second time around  
Another second time around  
Another second time around  
Another second time around
