(La la la la la la)
I saw her face on a Tuesday
(La la la la la la)
She really really blew me away

Then I looked into your eyes
And saw all my dreams
Turning me inside out
As I ran down the streets
Into your soul

I'll see her again next Tuesday
She's gonna take my blues away
If we stay together
We can run forever
Until Tuesday

(La la la la la la)
I try to believe her
(La la la la la la)
But she's a natural deceiver
She holds me high

I'll see her again next Tuesday
She's gonna take my blues away
If we stay together
We can run forever

Until Tuesday

I choke on all the words I never said to her
I take her in my arms and hold her forever
Everything I've ever needed is inside her eyes
And all the space between us is filled up with all my lies

I'll see her again next Tuesday
She's gonna take my blues away
If we stay together
We can run forever
We can outlast it all

I'll see her again next Tuesday

She's gonna take my blues away
We stand up tall
And we fight through it all
And we stay together
And we last forever
Until Tuesday

I saw her face on a Tuesday
I saw her face on a Tuesday
I saw her face on a Tuesday
