Always Always and forever
Always Always and forever
Sitting here I'm thinkin back to a time when I was young
My memories are clear as day
I'm listening to the dishes clink you were downstairs
you would sing songs of praise and all the time we
laughing with you and all the time that you stay true to
us and I will say

(chorus)
Said I thank you
Will always thank you
More than you would know and I could ever show
And I love you will always love you
There's nothing I won't do to say these words to you
That you're beautiful forever

Always Always and forever
You were my mom you were my dad the only thing I
ever had was you
It's true
Even when the time got hard you were there to let us
know when we get through
You showed me how to be a man
You taught me how to understand the things people do
You showed me how to love my God
You told me that not everyone knows the truth

(chorus)
And I thank you
Will always thank you
More than you would know and I could ever show
And I love you
Will always love you
There's nothing I won't do to say these words to you
that
You will live forever
Forever and ever Forever and ever
Said I thank you will always thank you more than you
would know and I could ever show
And I love you will always love you
There's nothing I won't do to say these words to you

That I thank you will always thank you more than you
would know and I could ever show
And I love you will always love you there's nothing I
won't do to say these words to you
That I thank you will always thank you more than you
would know and I could ever show
And I love you will always love you there's nothing I
won't do to say these words to you
That you will live forever
