When you call she doesn't answer, when you write she  
doesn't answer  
You go out you see him with her, she told you she was  
sick at home  
The ring you gave her thrown away with all the letters  
And When you see him with her, he doesn't even care  
at all

And she follows him around like you follow her around  
And he doesn't even care and you're figuring out  
The only way you're gonna keep somebody around  
Well I'm about to let you know

There's something I don't wanna understand  
The only way a woman's gonna want a man  
The only way you'll ever keep her in your hands  
Is breaking apart her heart  
Don't tell her she is the reason that you live  
Don't give her everything that you got to give  
If you want to keep the girl for as long as you live  
Just break it apart her heart

Can't you see the way she's crying  
Well that's what keeps her trying, she knew that she  
could have you  
And he don't give her what she wants  
There's truth about this, you say you want to be noticed  
Well if you want to be noticed you've gotta learn to  
break some hearts

Don't try to understand

There's something I don't wanna understand  
The only way a woman's gonna want a man  
The only way you'll ever keep her in your hands  
Is breaking apart her heart  
Don't tell her she is the reason that you live  
Don't give her everything that you got to give  
If you want to keep the girl for as long as you live  
Just break it apart her heart

Can't you see what you've done?

What I've become, what I've become  
Can't you see? Can't you see?

I don't understand this cruelty  
I don't understand but now I see

There's something I don't wanna understand  
The only way a woman is gonna want a man  
The only way you'll ever keep her in your hands  
Is breaking apart her heart  
Don't tell her she is the reason that you live  
Don't give her everything that you got to give  
If you want to keep the girl for as long as you live  
Just break apart her heart

I don't understand this cruelty  
I don't understand it's just not me  
I don't understand this cruelty  
But now I see...
