you come in cold your covered in blood there all so  
happy you've arrived  
the doctor cuts your cord and hands it to your mom she  
sets you free into this life

and where do you go with no destination no maps to  
guide you  
wouldn't you know that it doesn't matter we all end up  
the same

and these are the chronicles of life and death and  
everything between these are the stories of are lives as  
fictional as they may seem  
you come in this world and you go out just the same  
today could be the best day of your life

and money talks in this world thats what idiot's will say  
but you'll find out that this world is just an idiot's  
parade  
before you go you've got some questions and you want  
answers  
but now your old cold covered in blood right back to  
where you've started from

and these are the chronicles of life and death and  
everything between these are the stories of our lives as  
fictional as they may seem  
you come in this world and you go out just the same  
today could be the worst day of your life

and these are the chronicles of life and death and  
everything between these are the stories of our lives as  
fictional as they may seem  
you come in this world and you go out just the same  
today could be the best day of  
today could be the worst day of  
today could be the last day of your life  
it's your life  
your life
