Save me
Save me
Save me
Save me
Save me

Lately I've been feeling low
I've been feeling alone
The things I used to be
I miss the things I used to see

I need something again
My oldest friends
These cigarettes can't cure
It just ain't what I'm looking for

We all need a little change
I guess it's time to face the strange
I can't, I can't
I can't, I can't

I can't get my mind right
I need, I need
I need, I need
Something to get me right

Where is my future?
It used to be in front of me
Misery's my company
Living in what used to be

And now that I'm right
Now that I'm clean
Now that I surrender
It seems that all I want is
To be back where I started from

We all need a little change
I guess it's time to face the strange
I can't, I can't
I can't, I can't

I can't get my mind right
I need, I need
I need, I need
Something to get me right
Something to get me right

I think it's time to change
The company I keep
The company I keep
Don't keep me company

And all my dreams were
Right out there in front of me
It's sort of like it gripped
The darkest part of me

And all I ever really wanted
Was to make a change
I never thought they'd keep
Me locked up in these chains
I never thought
My life would end up this strange

We all need a little change
I guess it's time to face the strange
I can't, I can't
I can't, I can't

I can't get my mind right
I need, I need
I need, I need
Something to get me right
