Everything
Everything
Is gonna be alright

Everything
Everything
Everything
Is gonna be alright

From Baltimore to Los Angeles
From '99 to the year we're in
We started out in a friend's garage
At the bottom up reaching for the top now

The video
The radio
The TV shows
The magazines
The movie screens
That's our reality

Everything's gonna be alright now
Get down stay up all night now
Everything's gonna be alright now
Everybody say it one more time

Everything
Is gonna be alright

Listen up, cause it ain't about the money
I live on the west coast in the city that's sunny
I got a big house where my family lives
I'm out of town playing shows every other weekend
I DJ parties where they got no guns
I get paid to make 'em dance, I get paid for having fun
With thugs and punks and any other type
We play this song and we sing it all night

Sayin'
Everything's alright
From the top to the bottom, from the bottom to the top
From the start to the finish

No, we just can't stop

Everything's alright
From the city to the hills
And the streets to the beaches
It feels good to pay the bills

And buy a new pair of sneakers

Said, it didn't take me long to kick the welfare
It didn't take me long to get my share
Take away platinum records, now look what I got
I got my girl, I got my daughter, that's a hell of a lot
And no one's ever trying to shut this down
I'd have a party for the haters but they're never around
I had dreams of putting food on other people's plate
Now we go to the rounds and they never make us wait

My police record said it doesn't exist
I'll show you all the meaning of a Christmas list
I'll show you all the meaning of a Christmas list
I'll show you I'll show you I'll show you
I'll show you I'll show you show you show you

Everything's alright
From the top to the bottom, from the bottom to the top
From the start to the finish
No, we just can't stop

Everything's alright
From the city to the hills
And the streets to the beaches
It feels good to pay the bills
And buy a new pair of sneakers

We are so far from where we started out
These lives we lead without a care
Self made millionaires we promised you
These lives we lead without a care

Everything's alright
From the top to the bottom, from the bottom to the top
From the start to the finish
No, we just can't stop

Everything's alright
From the city to the hills
And the streets to the beaches
It feels good to pay the bills
And buy a new pair of sneakers
