Fuel to the flame
Fire burns proud
Stand up tall
Shout it out aloud

Music is my life
(Come rock my world)
Music is my life
(Come rock my world)
It's the fuel to the flame
The fire burns proud
I stand up tall
And shout this out aloud
Music is my life
(Come rock my world)
Music is my life
(Come rock my world)
Music is my life...
Come rock my world!
You just never know
If tomorrow will come
You live for today
Feel the beat of the drum
Challenge all
Before you come undone
Don't sit and wait
Like a bullet in a gun
Say...
Pick your poison
Mix all your pills
Find a better way
To use all your skills
Don't take no sh*t
Count up your kills
When your list is full
Run to the hills
Say...
(rapped)
When the beat beats a sound on my stereo
And the drum drums that noise the only way to go
Is down, down, down into the spotlight
Rock this place, we're gonna rock it all night

Fuel to the flame
(Come rock my world)
Fire burns proud
(Come rock my world)
I stand up tall
(Come rock my world)
Shout it out aloud
Come rock my world!!
