MOUNTAINS

YEA BITCHES

All these dreams and all these plans
I built them all with these two hands
Everything I've realized my dreams

The city lights shine down and they blind me
sometimes
But through it all, I was lost but I found my way

Tell me what you want cause I would give you anything
Tell me what you need and I'll go get it.
I'd give up all these dreams to have you in my arms
right now
I'd give up everything and I'd forget it.

I wasn't On a mountain
when it came to me

All my life been wasted
Chasing shallow dreams

Here we are, let me lift you up and show you this world
over me
And all these things And what I've gained
and what I've said
it cant compare to the love
that you could give to me

Tell me what you want and I would give you anything
Tell me what you need and I'll go get it
I'd give up all these dreams to have you in my arms
right now
Give up everything and I'd forget it

I wasn't on a mountain when it came to me
when it came to me

All my life been wasted
Chasing shallow dreams

Years go by and nothing's slowing down the time
Years go by and then they're wasted
an all this time I thought that I gained everything
if you're not mine I'm so empty

I wasn't on a mountain
when it came, when it came to me

All life been wasted, Chasing shallow dreams
