Call yourself a Lois Lane  
And you're in pain  
And I'm insane  
You don't want my help  
You don't need my help  
I watched him fall out from the sky  
But I won't cry  
I'll just sigh  
Who is gonna save you?  
Yeah, I've heard the talk  
Superman can't walk  
Who is gonna save you  
When your superman can't walk?  
Saw him just the other day  
In physical therapy  
Sitting in a wheelchair  
You know I had to stare  
And all your friends they think I'm sick  
Think that I'm insensitive  
They don't like the fun I'm poking

Don't they know I'm only joking  
Yeah, I've heard the talk  
Superman can't walk  
Who is gonna save you  
When your superman can't walk?  
Call me what you will  
I'm Dr. Evil  
Call me what you want  
Superman can't walk  
And all your friends they think I'm sick  
Think that I'm insensitive  
They don't like the fun I'm poking  
Don't they know I'm only joking  
Yeah, I've heard the talk  
Superman can't walk  
Who is gonna save you  
When your superman can't walk- walk?
