Yeah, this song is dedicated (this is good Charlotte) to every kid who ever got picked last in gym class (yeah, 1999)

This is for you

To every kid who never had a date to no school dance (2000 eternal)

This is for you

To everyone who's ever been called a freak (come with meeeee)

Here we, here we go

What? (y'all know what I'm talking about, y'all know what I'm saying)

ohhhohhhh ohhhohhhh ohhhohhhh ohhhohhhh

Like the time in school when we got free lunch and the cool kids beat us up (reduced lunch!)

And the rich kids had convertibles and we had to ride the bus (fifty-five)

Like the time we made the baseball team, but they still laughed at us (you still suck)

Like the time that girl broke up with me cause I wasn't cool enough

Trick!

Thiiiiings thiiiiings thiiiiings

The little things little things they always hang around

The little things little things they try to break me down

The little things little things they just won't go away

The little things little things made me who I am today

You wanna hate me know

But I won't stop know, cause I can't stop now

What? Come on. Ungh.

Here we go

Like the time mom went to that institute cause she was breaking down (I just can't take it!)

Like the car we had that wouldn't start, we had to walk to get around (Can I get a ride?)

And that same year on Christmas Eve, Dad went to the store (uh, I'll see you guys later)

We checked his room, his things were gone

We didn't see him no more
Dick!

Thiiiiings thiiiiings thiiiiigs
The little things little things they always hang around
The little things little things they try to break me down
The little things little things they just won't go away
The little things little things made me who I am today
You wanna hate me now
But I won't stop now, cause I can't stop now

The Little Things X-15

It always seems those little things they take the biggest
part of me It always seems those little things they take
the biggest part of me It always seems those little
things they take the biggest part of me

And I know that those little things they make the
biggest part of me break down
I'm breaking down
Break down
Gotta maintain
