Here I am on the phone again and
Awkward silence is on the other end
I used to know the sound, of a smile, in your voice
But right now, all I feel, is the pain of the fighting,
starting up again
(Right now, all I feel)

All the things we talk about
You know they stay on my mind, on my mind
All the things we laugh about
They'll bring us through it every time
After time, after time

Don't say a word
I know you feel the same
Just give me a sign
Say anything, say anything
Please don't walk away
I know you wanna stay
Just give me a sign
Say anything, say anything

Some say that, time changes
Best friends can become strangers
But I don't want that, no not for you
If you just stay with me, we could make it through
So here we are again, the same old argument
And now I'm wonderin', if things will ever change yeah
When will you laugh again?
Laugh like you did back when
We'd make noise 'til three a.m.
And the neighbors would complain

All the things we talk about
You know they stay on my mind, on my mind
All the things we laugh about
They'll bring us through it every time
After time, after time

Don't say a word
I know you feel the same
Just give me the sign

Say anything, say anything
Please don't walk away
I know you wanna stay
You just give me a sign
Say anything, say anything

I'm fallin'
I'm fallin'
I'm fallin' down
I'm fallin'
I'm fallin'
I'm fallin' down
Down, down, down

Don't say a word
I know you feel the same
Just give me a sign
Say anything, say anything
Please don't walk away
I know you wanna stay
If you just give me a sign
Say anything, say anything

Don't say a word
(Please don't leave)
I know you feel the same
Just give me a sign
Say anything, say anything
Please don't walk away
(Please don't leave)
I know you wanna stay
If you just give me a sign
Say anything, say anything
