Doubts arise, for moments linger
I try to avoid these questions flooding my mind
I block it out and let you turn it out
Scared to face what you'll find inside

Arrows point in the wrong direction
I walk that road, a sea of reflection

Do you understand me when I think
Will you understand me when I speak
Would you understand if I screamed out loud

Understand, understand, understand
If I could make you read my mind

Do you understand me when I think
Will you understand me when I speak
Would you understand if I screamed out loud

Understand

Do you understand me when I think
Will you understand me when I speak

Would you understand if I screamed out loud
(x4)

Understand

I stand alone and hold the world, I am
(x3)

I stand alone and hold the world, I
am.....Misunderstood

Do you understand me when I think
Will you understand me when I speak
Would you understand if I screamed out loud
(x2)

Understand
