Waldorf ,Naptown, worldwide, what!?

C'mon! Get up, get up, get up!

C'mon!yeah

Break it down break it down tiki tiki
Everythings gonna be alright now everythings gonna
be alright get down Stay up all night now lets do this
one more time, everything will be Alright!

[Verse 1]

Listen up, 'cause there ain't nothin' funny,
I wanna hot girl and a little bit of money
I wanna little house where my band can live,
'Cause we're tired of moving every other weekend
I wanna go to parties where they got no guns,
I wanna rock with my band, I wanna have a little fun,
Where thugs and punks, and any other types
Can sing this song, and we'll sing it all night (Sing it!)

[Chorus]

Everythings gonna be alright now everythings gonna
be alright get down Stay up all night now lets do this
one more time, everything will Alright everything will be
alrite alrite

All I wanna do is get my share
All I wanna do is kick the welfare,
All I wanna do is get my share

[Verse 2]

And I don't wanna run for the president,
I just want an honest way to pay my rent
And I'm tired of the man always shuttin' us down,
I'm tired of my old man 'cause he's never around-
round-round

And I'm tired of eatin' off of other people's plates,
And I don't look important, so they're tellin' me to wait
Police records said they wouldn't exist,
I wanna know the meaning of a Christmas list, said

All I wanna do is kick the welfare,
All i wanna do is get my share.
All i wanna do is make somethin' from it,
It's GC baby and we're workin' with somethin' I'm sayin

Everythings gonna be alright now everythings gonna
be alright get down Stay up all night now lets do this
one more time, everything will be Alright!

These lives we'll lead without a care, oh yeah
And we'll see, what we'll be

Everythings gonna be alright now everybody say oh
yeah thats right Everythings gonna be alright now
everybody say it one more time evrything Will be
alright alright alright alright alright

six dollars in your pocket, one for secret stash, twos for
acholol and threes for cigarettes alright...
