I smile , you laugh, I look away
I sigh, you ask me why, I say,
It's ok and I am just feeling down
Your hand on mine I hear the words...
If only love had found us first, our lives would be
different

So I stand and wait
I am just a man

Where would we be now baby, if we found each other
first
Where would we be now baby,

And now I must confess
That I am a sinking ship
I'm anchored by the weight of my heart cause its filled
with these feelings
I keep my true thought locked beside my hearts black
box
It wont be found, it wont be found, through the smoke
or the wreckage
So I crash and burn
I got a lot of things to learn

Where would we be now baby, if we found each other
first
What would you do now darling, if I said these simple
words
I'll wait, I'll wait...As long as you want

Where would we be now baby

I'll wait
I'll wait

Where would we be now baby, if we found each other
first
What would you do now darling, if I said these simple
words
I'll wait, I'll wait...As long as you want.

Where would we be now baby
I'll wait
I'll wait
