We started out to have some fun,
It's amazing what we have become,
Now we're not going to stop today,
No matter what may stand in the way,
We're not going to give up, and just do what we're told,
We'd rather take a different path, follow a different
road,
Time that we all did our part, you all know what I mean,
Together we have made a change - we've changed the
scene,
Look at all the things we've done,
But the real fight has just begun,
We have a chance to set it right,

Now it's up to all of us to fight.
