Woke up to live my life just like every day
Jumping out of bed 'cause there are good things on the
way

A positive feeling in my heart, I knew, I couldn't fail
And the records I had ordered finally came in the mail

So angry kids, go away
No negativity today
Every little thing seemed to go my way
I gotta say it was a positive day

Telephone's ringing, I've got it made
Got a call from a girl that I've had a crush on since the
first grade
Every thing's going perfectly that's what it's all about
And not a single straight edge kid has sold out

So angry kids, go away
No negativity today
Every little thing seemed to go my way
I gotta say it was a positive day

Got to the show, it started on time
And no one on the guest list cut in front of me in line
Five dollar door, I had money to spare
The bands were all good and my friends were all there

Everyone dancing and no one got hurt
And even the tough guy kept wearin' his shirt
And since a positive outlook is leadin' the way
I'm sure tomorrow will be as positive as today
