

Good Morning Milo "Loving Without Argument"

Summer kisses autumn from behind.
I wish the heat we had would remind
You of how devoted I can be to your eyes
As they stare at me, loving what they used to see.

Things are different.

Please, please
Don't leave me.
We have everything we need
And we're so near to loving
Without argument.
Please, I'm being so sincere.
Everything we need
We're so near to loving
Without argument.

The corners of your mouth catch my eyes
Because you've left them down all night.
It's the price you pay for not holding my hand.
Remember when we were happy?
Love used to be so happy.

Things were different.

Please, please
Don't leave me.
We have everything we need
And we're so near to loving
Without argument.
Please, I'm being so sincere.
Everything we need
We're so near to loving

Things were different.
I used to sing you through the night
And you'd wake up with my songs in your head.
You are changing your mind.
You must be changing your mind.
Are you changing your mind?
No, not yet.

Please, please
Don't leave me.
We have everything we need
And we're so near to loving
Without argument.
Please, I'm being so sincere.
Everything we need
We're so near to loving

Please, please
Don't leave me.
We have everything we need
And we're so near to loving
Without argument.
Please, I'm being so sincere.
Everything we need
We're so near to loving
Without argument.
