That's the last I'll compromise  
Before your perfect eyes  
It's a dream that wakes you up  
There's nothing like sleeping alone so much

You keep holding me back when I'm on my way  
I could only forget if you let me stay  
That I leave when I want  
To give you some peace  
But you couldn't believe many times like these  
When I tell you the truth  
Like I miss your touch  
Or when you couldn't take  
That I left so much  
If I told you to stay  
It would never work  
To be standing alone  
Like a a setting sun

That's the last I'll compromise  
Before your perfect eyes  
It's a dream that wakes you up  
There's nothing like sleeping alone so much

So you can go where you want  
Without telling me  
Take your life where you want it  
But think of me  
Because I'm trying to live like I never had  
But you couldn't believe every time's like that  
When I tell you the truth  
Like I miss your touch  
Or when you couldn't take  
That I left so much  
There's no way I can stay  
In the home you left  
There's things in my life that I can't accept

That's the last I'll compromise  
Before your perfect eyes  
It's a dream that wakes you up

There's nothing like sleeping alone so much,

Ohh

That's the last I'll compromise  
Before your perfect eyes  
It's a dream that wakes you up  
There's nothing like sleeping alone so much

There's nothing more empty  
Than my own bed  
I don't know where to go  
When I can't go home
