If you love me, don't you let me go
If you love me, don't go
If you love me, don't you let me go
If you love me, don't go

There are some things that we can't control
Give it enough time and we will know
As the days roll, try and keep me close
I know my love for you is sure to grow

Just give it time, give it time
You are forgiven, please be mine

If you love me, don't you let me go
If you love me, don't go (Don't go!)
If you love me, don't you let me go
If you love me, don't go

Things are getting dark, they've been scaring me
Now the moon is gone, and I can't see
Do you remember, when the sun was out
Light was all around, behind the tree

High up in the tree, you made a nest for me
We made loud love above the canopy
Will you wait for me underneath the sea?
Can you hold your breath until I'm free? (Until I'm free!
)

If you love me, don't you let me go
If you love me, don't go (Don't go!)
If you love me, don't you let me go
If you love me, don't go

Down the old road, past the dry well
There was one thing I could tell
And we both knew, that it was the truth
But only I knew, it was you

All those hard nights, all the perfect days
All my memories, fade away

So tonight I'll just remember you
How I want to, like I do

If you love me, don't you let me go
If you love me, don't go (Don't go!)
If you love me, don't you let me go
If you love me, don't go
