

Good Old War "Weak Man"

Let the music breathe upon my face
Every step of the way
Through the anguish I make
Back the rest I made
I'm seeing you as clear and blue
Like lovers do
You should too

I am not playing a game with you
To show that I can get ahead
Just like any weak man would do
When he's losing

When life's confusing way to bring you down
Has you got you pissing yourself
While you're thinking out loud
Try and figure out the best approach to being true
Like lovers do, you should, you should too

I am not playing a game with you
To show that I can get ahead
Just like any weak man would do
When he's losing

[Anthony Green]
You can't just give it all away
This is all we have saved
There is nothing here between us
This is not what we had planned
There's so much more
Got nothing without each other
We've got nothing

I am not playing a game with you
To show that I can get ahead
Just like any weak man would do
When he's losing
