

## Good Old War "We've Come A Long Way"

Visit "[We've Come A Long Way](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I thought I'd learn to behave  
But I don't feel I'm acting my age  
Once in a while  
And though things may not be the same  
You helped me feel no pain  
All of my life  
I wanted to say to you  
We've come a long, long way  
There's so much to say  
Still have a long, long way

You've seen me at my worst  
And I've seen you in the reverse  
We are equal  
And no matter what happens from here  
No matter where life ends, my dear  
I will be grateful  
I wanted to say to you  
We've come a long, long way  
There's so much to say  
We've come a long, long way
