Please,
Think this place is a thimble?
You don't give a damn,
Tradition of killing is a temple of bad,
who sets the laws
not who lives or who dies.
When humans satisfaction,
the animals fucking cried.

Hear my words,
feel their pain,
eating their place,
you have nothing, nothing,
to gain.

immoral opposition
to the murder of the animals,
it's my philosophy:
to take life is criminal,
Smiling clown,
more than billions served,
represents to me,
the bloodshed of this earth.

Hear my words,
feel their pain,
eating their flesh,
you have nothing, nothing,
to gaaaaaiiin!

everybody: FEEL THEIR PAIN
Excuses, excuses is what I hear,
for life, for life is so unfair,
is so unfair,

Please.
