I remember the day that we met
I needed someone, you needed someone too, yeah
Spend time takin' all you could get
Givin' yourself was one thing you never could do
You played with my heart, played with my head
I got to laugh when I think of the things you said
'Cause i stole your love, Stole your love
Ain't never gonna let you go
I, oh yeah, stole your love, I stole your love stole your
love, I stole your love

You never stop runnin' around

You pick me up, then you could still put me down
You were the girl that nobody could own
Stay for a while, then you would leave me alone
I'm somethin' different, ain't like the rest
How does it feel to find out you're failin' your test
