

Good Riddance

"Trophy"

I feel that pressure from above
I didn't perform quite up to par
I only gained another scar
I'm not your trophy
I will not shine for you
sorry for the disappointment
I did the best I could
but here I've let the family down again
I'm your failure your mistake
because I failed to break the tape
I'm your shameful progeny
your begotten tragedy
you ought to know
I'm not for show
