Wait I've got something to say and
Wait I think there is something going wrong

I know I know I know I know but then again I really really
don't know

Wait stop look listen to what I've got to say
Everything around here seems to be going your way
I know I know I know I know but then again I really just
don't care

Two time one two times one he shouted into his phone
You just don't understand a thing I wish things had
started before they finished

Wait stop look listen to what I got to say
Everything that's happened recently has been your
mistake
I don't think that you could be anymore arrogant
I'm in control no I'm in control but then again I've lost all
of my control

Two time one two times one he shouted into his phone
You just don't understand a thing I wish things had
started before they finished

Two time one two times one he shouted into his phone
You just don't understand a thing I wish things had
started before they finished
