Wait I've got something to say and  
Wait I think there is something going wrong

I know I know I know I know but then again I really really  
don't know

Wait stop look listen to what I've got to say  
Everything around here seems to be going your way  
I know I know I know I know but then again I really just  
don't care

Two time one two times one he shouted into his phone  
You just don't understand a thing I wish things had  
started before they finished

Wait stop look listen to what I got to say  
Everything that's happened recently has been your  
mistake  
I don't think that you could be anymore arrogant  
I'm in control no I'm in control but then again I've lost all  
of my control

Two time one two times one he shouted into his phone  
You just don't understand a thing I wish things had  
started before they finished

Two time one two times one he shouted into his phone  
You just don't understand a thing I wish things had  
started before they finished
