Lay down your arms now attention the passions gone  
Don't you know by now this world has fallen beneath us  
Please don't be alarmed make sure the coast is clear  
though  
We'll follow you out but I don't think this is the way out  
These footsteps are the same I heard someone say  
That this is not my day the land is on fire  
Race to the closest sea swim to the islands  
Hope that it never sinks just admit  
It's hard to let go and say your goodbye's but I'll wait  
for you  
I'll wait for you can you prove to me that this was all just  
a dream  
Wake me up I'm free but they decided my release  
With my hands around their throat they smile they are  
laughing  
They will never let me out from here never let me go  
from this place  
So I got to tell myself they'll never let me out  
If I tried to escape where would I go I have no place of  
my own  
I won't ever leave this stage what am I saying to myself  
This time I wrote the line to my own story so it's time to  
turn the page  
And I can't wait for you any longer and I want to know  
the truth  
And I want you inside of my mind
