(Verse 1)

I've seen the path, but these visions won't let me pass
Solving the puzzle with the pieces left
Left for me!
That's left for me!
I've seen the other side, I want it out
No matter where I go, you'll always scream and shout
At the top of your lungs "I am ready for this"
I scream at the top of my lungs "I'm not ready for this!"

(Bridge)

Choices in my life laid out like paths for me
"Is this the way, It's supposed to be?"
Lost and broken I seek
To collide with me!

(Chorus)

Keep going back and forth
Between the versions of me
What are you running from?
I know it seems like it's all the same
But I don't know where to go
So I hold my hand out

(Verse 2)

I've seen this over and over again
My worst fears will bring me to an end!
Brings me to an end
The Walls are Changing everything falls apart
The world you know will one day be your scar
If I showed you the way you'd plan to not go
If I told you so! I've told you so!
Keep going back and forth
Between the versions of me
What are you running for?
What are you running for?

(Chorus)

Keep going back and forth
Between the versions of me
What are you running from?
I know it seems like it's all the same
But I don't know where to go
So I hold my hand out

I've seen the Path
