Lord it's so hard livin this life;
A constant struggle each and every day.
Some wonder why
I'd rather die
Than to continue livin this way.
Many are blind
and cannot find the truth cuz no one seems to really
know.
But I won't accept that this is how it's gonna be.

Devil you got to let me and my people go.
Cuz I wanna be free-
Completely free.
Lord won't you please come and save me.
Cuz I wanna be free-
Totally free.
I'm not gonna let this world worry me (3X)
