You know how good it can be if I took you home with me  
I know the mood is right, I don't wanna be alone tonight  
Come on let's dip shawty, dip, let's dip shawty, dip  
Let's dip shawty, dip, let's dip shawty

Can I get a chance? Grown man from afar superstar  
status, holdin' on to  
The apparatus firmly, west shake, show love, heat 'em  
up in the club  
If you don't care, conversations short, too many  
Newport's blowing  
Me away to another broad, I mean cutie with the nice  
round booty

Cut to the spot where all the girls wanna do me  
On the low, nice and slow, T-Mo on the floor, out the  
door let's go  
Keep it on the hush, don't wanna rush when your ready  
We can touch some G's and blow trees in the wind

With a zip, I'm there, telling tales, out on bail  
SWAT's tales of rolling boulders and breaking  
shoulders  
Taking me closer to a poacher with that roll line  
Shawty 'cause I'm down for mine

You know how good it can be if I took you home with me  
I know the mood is right, I don't wanna be alone tonight  
Come on let's dip shawty, dip, let's dip shawty, dip  
Let's dip shawty, dip, let's dip shawty

We at the club 112 on the front row, shawty done shot  
the Cuervo  
Even though she dancing with another niggeroe  
Somewhere out on the floor, she told me  
Lo snap your finger when your ready to go

So you know I feel great, I can hardly wait  
Hit the Waffle House and get a chicken-melt plate  
Scrambled eggs with cheese and a pile of grease  
And get full as a tick 'bout ready to drip

And oh for trilly, shawty don't be silly  
Calm your nerves 'cause I'm back on that Philly  
Cheifed like a champ and everything is good  
I got to much class and I'll take you to school

I wanna act a fool but I'm waiting patiently  
It ain't good if it ain't been mentioned with me  
And if your number fuck around and get hard to find  
All I really wanna be is a thought in your mind

You know how good it can be if I took you home with me  
I know the mood is right, I don't wanna be alone tonight  
Come on let's dip shawty, dip, let's dip shawty, dip  
Let's dip shawty, dip, let's dip shawty

Can I take you home? You grown, sip a tea, nice feet  
Eyes fly too, saw you when you came through  
By yourself girl, no crew, can I hold you?  
Can I show you everything in life that I've been through

We can roll in the hills in my big wheel  
98 Lank Lank with the Stank Stank  
These lights, this night, my dream, your screams  
Silk sheets, we meet, what? You need a ride, I got  
Fleet's

Leather seats with the woodgrain head back  
When I drop it like that, baby don't act  
How many times do I say that I want your love  
Let's dip this club

You know how good it can be if I took you home with me  
I know the mood is right, I don't wanna be alone tonight  
Come on let's dip shawty, dip, let's dip shawty, dip  
Let's dip shawty, dip, let's dip shawty

God led me to the Shark Bar on a Wednesday with the  
dreads  
White derby, looking delicious, good enough to eat  
And what do I see, staring at me  
A nice pair of eyes, Coke bottle figure, wig, done to a T

Dressed in gangsta black, ready to be attacked by a  
real mack  
Playing hard to get it, so I dips upstairs  
How long will it take for my earrings to withdrawal?  
You is such a cold and lonely heart, I'll make you warm  
again

But it was something different about you though  
You didn't ask for no autograph or swarm

All you needed was a hug, we being snug like fingers  
in the glove  
8th grade was the last time a nigga was in love

You know how good it can be if I took you home with me  
I know the mood is right, I don't wanna be alone tonight  
Come on let's dip shawty, dip, let's dip shawty, dip  
Let's dip shawty, dip, let's dip shawty
