It's four o'clock and we're still breathing
But I formally resign
And Oh if you can see just what I'm thinking about
The why won't say if you're in or you're out
Then I look at you, and your eyes say it all
Girl

Let's keep it on the low so nobody knows
Everything that we do is between me and you girl
And eyes are wide, everyones suprised
If this gets out then we're gonna be famous baby

It's hard to say if you still like me
Cause this has all become a game
And I was hoping hoping that me and you could take
this
Farther farther than either of us ever dreamed of

Let's keep it on the low so nobody knows
Everything that we do is between me and you girl
And eyes are wide, everyones suprised
If this gets out then we're gonna be famous baby

Anything goes
Just as long as nobody knows
And it's hard to say if this is wrong or right
But baby if you don't care than neither do I

Let's keep it

On the low

On the low

Let's keep it on the low so nobody knows
Everything that we do is between me and you girl
And eyes are wide, everyones suprised
If this gets out then we're gonna be famous baby

It's four o'clock and we're still breathing
But I formally resign
