If I'm a mess  
Then you're a wreck  
Where have you been all my life girl  
That's what I'm wondering  
So say the word  
And I'll save the world  
When cars aren't enough  
And we've lost all our trust  
Call me and sing to me

Everything will be okay  
But I'm not gonna lie  
This distance is killing us  
I'm not suprised  
So I will

Pray that saving grace will give me wings  
And I'll be gone  
Pray that every time you dare to sing  
It stays in my heart

You touched my face  
You said that I looked dazed  
I disapeared into time and space  
That's where I went girl  
So say the word  
And I'll save the world  
I hope that your watching me as I go

Everything will be okay  
But I'm not gonna lie  
This distance is killing us  
I'm not suprised  
So I will

Pray that saving grace will give me wings  
And I'll be gone  
Pray that every time you dare to sing  
It stays in my heart

It stays in my heart

We made promises  
This distance is killing us

Pray that saving grace will give me wings  
And I'll be gone
