Serpent in disguise  
Blinded my eyes  
Tempted me with lies  
As I fell inside

[Pre Chorus:]  
Day turns to night and her poison grips me tight  
As the scars ache from her bite and fuel this nightmare  
Tonight

[Chorus:]  
Tonight she feeds  
Tonight I'll bleed  
Tonight her curse will consume me (Serpent Queen)  
Tonight she screams  
Tonight I'll weep  
Tonight her curse will consume me tonight

Darkness floods my dreams  
Dungeon walls bleed  
Foul air that she breathes  
Suffocates me

[Pre Chorus]

[Chorus]

Her curse will consume me tonight  
All hail the serpent queen tonight!
