I'm consumed by the ireveiw  
In my head head I wish I never knew  
Twist and turns but I can't let it go  
Still do wonder why did I have to know

Oh oh, running through the details  
Oh oh, trying to quit but I fail  
Oh oh, I intend to exhale  
I take a deep breath in and now

I got to let it go  
Oh this is haunting me so  
Oh What you got to share  
Don't waste my life let it go why did I have to know

(I'm laughing) at the mess that I've made  
(I'm my head) how can be saved  
Twist and turns but I can't let it go  
Still do wonder why did I have to know

Oh oh, running through the details  
Oh oh, trying to quit but I fail  
Oh oh, I intend to exhale  
I take a deep breath in and now

I got to let it go  
Oh this is haunting me so  
Oh What you got to share  
Don't waste my life let it go why did I have to know  
Oh this is haunting me so  
Oh What you got to share  
Don't waste my life let it go why did I have to know

Why did I have to know  
Why did I

Oh oh, running through the details  
Oh oh, trying to quit but I fail  
Oh oh, I intend to exhale  
I take a deep breath in and now

I got to let it go

Oh this is haunting me so  
Oh What you got to share  
Don't waste my life let it go why did I have to know  
Oh this is haunting me so  
Oh What you got to share  
Don't waste my life let it go why did I have to know

Waste my life let it go why did I have to know
