

Goodnight Nurse "Drift Away"

Visit "[Drift Away](#)" on MotoLyrics.com

I fell by the wayside
I slipped into glazed eyes
Extended an invite
That kept us up all night

Now we're alone, we're alone and no one needs to
know
We're alone, we're alone and no one needs to know
Drift away, drift away one long night
Take your time it's ok, do it right
Lead the way, Lead the way
Hold on tight
Shut the door and hit the lights

So give up the good fight
No love just a good time
The day brings a smile
Let's go out in style

Now we're alone, we're alone and no one needs to
know
We're alone, we're alone and no one needs to know
Drift away, drift away one long night
Take your time it's ok, do it right
Lead the way, Lead the way
Hold on tight
Shut the door and hit the lights

Hold on tight

Drift away, drift away one long night
Take your time it's ok, do it right
Lead the way, lead the way
Hold on tight
Shut the door and hit the lights

Drift away, drift away one long night
Take your time it's ok, do it right
Lead the way, lead the way
Hold on tight
Shut the door and hit the lights

Now we're alone and no one needs to know,
We're alone, we're alone and no one needs to know
