

## Goodnight Nurse "Jesse"

My friend I've been watching you trying  
Watched your life take a beating  
Watched the light inside leaving  
Bring it back

Oh oh oh [x2]

Baby, Now your whole world is changing  
Duty calls and it's heavy  
And I know Your not ready  
But here it is oh oh oh  
I can see that it takes it's toll

Jesse come on back when your ready  
We'll be waiting  
Anybody here would anything you need  
Your not alone in this it seems

My friend take the world off your shoulders  
Soon the wait will be over  
Hear the sound of her breathing  
Here she is, Oh oh oh

Jesse come on back when your ready  
We'll be waiting  
Anybody here would anything you need  
Your not alone in this it seems (Yeah)

Ah Ah ah [x2]

I can see that it takes it's toll  
Don't you let it destroy your soul

Jesse come on back when your ready  
We'll be waiting  
Anybody here would anything you need  
Your not alone in this oh

Jesse come on back when your ready  
We'll be waiting  
Anybody here would anything you need  
Your not alone in this it seems
