

Goodnight Nurse "Suffocating Slow"

Visit "[Suffocating Slow](#)" on MotoLyrics.com

Take a look at me
For I can barely breath
IÂ'm suffocating slow
But no one seems to know

As my life drifts from me
IÂ'm tearing at the seams

Carry on until the fire in my heart burns out
As long as a memory still survives
I will not fade, I will not fade today

Time is on to me
IÂ'm billed by royalty
And down to my last breathe
I care for what I have left
Until my dying day the sacrifice I made

Carry on until the fire in my heart burns out
As long as a memory still survives
I will not fade, I will not fade today

These breathless words
I keep them near
If IÂ'm to die IÂ'm glad not scared
If IÂ'm to die IÂ'm glad not scared
If IÂ'm to die IÂ'm glad IÂ'm here

Carry on until the fire in my heart burns out
As long as a memory still survives
I will not fade, I will not fade today [x2]
