There's a long way to go  
And I'm aching to know  
If what we're doing is right  
And the feeling plays on my mind  
I'm torn between extremes  
Of sacrifice and dreams  
I met them in between

[Chorus:]

I've sold my soul for what I love  
And felt the cold from up above  
I've learned some things I didn't know  
And watched some lives go up in smoke

With eyes set on me  
I tread carefully  
When pressure's wearing me through  
Can I count on leaning on you  
The choices that we've made  
Give life to better days  
Or lead us to our grave

[Chorus]

Take my hand  
And show me what it's like  
Show me what it's like  
Its all I wanna know  
So take my hand  
And show me what it's like  
Show me what it's like

[Chorus]

Take my hand  
Take my hand  
As lives go up in smoke
