

Goodnight Nurse "The Night"

City lights, like open eyes,
When darkness falls, then we will shine.
Tonight, our world will come to life,
Let sleeping angels lie.
Are we the night? Well I don't Know.

Let me breath in, let me find out, let these epic nights
bring us to life,
Cause...
Breath in, let me find out, let these epic nights bring us
to life,
Cause I'm up til sunrise
We are the night.

Read the line, to waste away,
The tired eyes, forget the day.
Tonight, our world will come to life,
Let sleeping angels lie.
Are we the night? Well I don't Know.

Let me breath in, let me find out, let these epic nights
bring us to life,
Cause...
Breath in, let me find out, let these epic nights bring us
to life,
Cause I'm up til sunrise
We are the night.

Let me breath in, let me find out, let these epic nights
bring us to life,
Cause...
Breath in, let me find out, let these epic nights bring us
to life,
Cause I'm up til sunrise
We are the night.

Let me breath in, let me find out, let these epic nights
bring us to life,
Cause...
Breath in, let me find out, let these epic nights bring us
to life,
Cause I'm up til sunrise

We are the night.
We are the night.
