They're celebrities for integrity
Who've never failed to please us
But now a crowd is set to speculate
The falling of a ritual

We're close and counting
Down the minutes 'til they pass
And where reality becomes nothing more
Than a local memory

We're front row for their sideshow entertainment,
Others will follow
And I know, it comes natural
To feel like your secret's been found
One last curtain call
Pull the ropes and let the dust settle
Fallen stages bring fallen faces

Give me your undivided attention
I need cooperation
From everyone who's taken part in
Or shared our passion from the start

We're close and counting
Up the numbers on our side
We feel reality does nothing
But provide opportunity

We're front row for their sideshow entertainment,
Others will follow
And I know, it comes natural
To feel like your secret's been found
One last curtain call
Pull the ropes and let the dust settle
Fallen stages bring fallen faces
One last curtain call
Pull the ropes and let the dust settle
Fallen stages bring fallen faces
Fallen faces

Pull the music from your ear or
Drop the thought and make it clear

You're moving on
Moving on
To better things, or so you think
That popularity can bring
Another end with no solution
Another end with no solution but to leave

We're front row for their sideshow entertainment,
Others will follow
And I know, it comes natural
To feel like your secret's been found
One last curtain call
Pull the ropes and let the dust settle
Fallen stages bring fallen faces
One last curtain call
Pull the ropes and let the dust settle
Fallen stages bring fallen faces
