

Goodnight Sunrise "With You"

The real me is a southern boy with his Levis on and an
open heart
Wish I could save the world, like I was superman
The real me is to laugh all night lying in the grass just
talking about love
But lately I've been jaded; life got so complicated

I started thinking about it,
I almost forgot what it was like
to know when it feels right

Cause with you
I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
Baby as I do now
Now that I'm with you
With you
With you
With you
Now that I'm with you

You speak just like a song
And just like that all my walls come down
It's like a private joke just meant for us to know
I relate to you naturally
Everybody else just fades away
Sometimes it's hard to breathe
Just knowing you found me

I started thinking about it
I almost forgot what it was like
To know when love feels right

Cause with you
I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful

Baby as I do now
Now that I'm with you
With you
With you
With you
Now that I'm with you

Come and take me
Love, you save me
Like nobody else
Now I can be myself

With you
I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
Baby, as I do now
Now that I'm with you

I can let my hair down
I can say anything crazy
I know you'll catch me right before I hit the ground
With nothing but a T-shirt on
I never felt so beautiful
Baby, as I do now
Now that I'm with you
