pull the covers overhead
and try and rest the bed
sleepwalk all day long
with legs made of lead

wake, another day
with the sound of whats left in my head
from the day before and the road ahead

Chorus:
swim ahead midset
pull the words from from my racing head
but i feel like
i'm already high
ahhh

chorus

come home tonight
cause it's all gone to the dogs
come home tonight
cause it's all gone to the dogs

chorus

pull the covers overhead
and try and rest th bed
sleepwalk all day long
and try and get some rest
