Bring on what you got
Tonight you're my dart
She said keep it tight
You sure what I did
You hold I commit
You take what I owe

You know some ain't right
Tonight you're my dart
She said keep it tight
Come home some ain't nice
Tonight lost in sight
Can't take, take no more

I believe beat of thunder
you move along
crowd go wild (x2)

Bring on what you got
Tonight you're my dart
She said keep it tight
You sure what I did
You hold I commit
You take what I owe (x2)

I believe beat like thunder
you move along
crowd go wild (x4)
