I used to walk with Gig  
When she would buy her clothes  
We hold hands through the woods  
To the hidden bungalow  
There she'd find her friends  
Drink some tea and dance

I used to go with Gig  
When she would drink her gin  
We'd walk down to the bar  
On the stool I'd sit and spin

By the way.....  
Can I have a quarter for the jukebox please  
Oh C325 is what I need  
Yeah I'll shoot a little pool you'll  
drink some more  
No it won't be long before we'll  
at the door  
Then I'd help you home

I used to talk with Gig about 1933  
Photos of the men in front of cars  
Next to pictures of Gig and Pa
