I seen you falling down on the bathroom floor  
While all your boyfriends are searching for more  
IÃfÃçâ,¬Â™ ve seen the vultures fly when you come  
round  
IÃfÃçâ,¬Â™ ve seen some friends die when you come  
down

Tina, Oh Tina

The best that I can do is adore you from afar  
Remember chasing fire flies with a mason jar  
When all the stars above us lit the sky  
Now your contaminated smile burns my eyes

Tina, Oh Tina

Who could ever put you down  
I cold never put you down  
I light the last cigarette in town  
I could never put you down

I seen you falling down on the bathroom floor  
While all your boyfriends are searching for more  
IÃfÃçâ,¬Â™ ve seen the vultures fly when you come  
round  
IÃfÃçâ,¬Â™ ve seen some friends die when you come  
down  
And all your girlfriends pretend that theyÃfÃçâ,¬Â™ re  
immune  
But the three oÃfÃçâ,¬Â™ clock chorus lines in tune...

Singing Tina, Oh Tina
