I can tell from the way you walk
You've never seen the world
And you've been a little girl
For far too long
And when you say those things to me
You're messing with my head
Did you mean it when you said
I'm not what you're looking for?

So maybe
I can make you need me
Oh, maybe
We'll just have to find out
Don't hate me
For the way I'm feeling
You know
I know
We know
I'm feeling so scared

You know it

And you'll make me wait for it
Get on my knees and beg
Well I'm forced to compromise with what you say
Make those words count
Make me see
I am wrong
You were right

So maybe
I can make you need me
Oh, maybe
We'll just have to find out
Don't hate me
For the way I'm feeling
You know
I know
We know
I'm feeling-

From a distance you seem worlds away

I'll never reach you
And what happened to us anyway?
(Oh- oh- oh)
From across the world it's hard to say
If I even miss you
But it sure feels like it today
It sure feels like it today
It sure feels like it today

You made me say what's on my mind
I'm regretting every single time
We talked things over
And we made up
I've finally had enough
I've finally had enough

So maybe
I can make you need me
Oh, maybe
We'll just have to find out
Don't hate me
For the way I'm feeling
You know
I know
We know
I'm feeling scared
