Nihta ki ali nihta kuvalun ta fortiga
irtha sti zoi mu arga arga ke na tin arnitho
megas erotas ke tromos in'i nihta pu metho

I kardia mu theli na petaksi,

Telos ki arhi, griza mu psihi

ENGLISH TRANSLATION

Night and more night
the trucks carry.
I arrived into life very late
very late to deny it.
In the night I get drunk
a great love and terror,
in the streets the lights blind me.
Who chases me?

My heart wants to fly,
to fly and resemble a god.
End and beginning,
my grey soul,
Love, flame, ashes.
Love, a sigh and a yearning
