#### ENGLISH TRANSLATION

I don't care with whom you listen to this song tonight  
I don't care with whom you listen to this song tonight  
You deserved a better kind of love  
You deserved a better kind of love  
I don't care with whom you listen to this song tonight

Write me just one letter  
which I will never read  
Around us, a great fire is raging

Write me just a word or two  
About people and places  
That we will never ever see together

Nobody listening to me tonight, and nothing helping  
me  
My guitar is angry with me tonight, and is not talking to  
me

I walk on broken glass  
I walk on broken glass  
I don't care with whom you listen to this song tonight

Just write me a letter  
That I will never ever read  
All around us, a great fire is raging  
Just write me a word or two  
About people and places  
That we will never see together
