"Cream Of Fetus"

My recipe for torture appetite for murder,
A psychotic, Culinary madman
Seeks a pregnant slut to butcher!

A hack job, Abortion
With a rusted, Machete
My vision an amputation
An unborn sacrifice.

Preparing, A massacre dining, Beginning perverse
dissections
Creating a children feast

Cream of fetus
Baked or broiled
Pan fried embryos
Butcher the fetus from a screaming bitch

Preheat the oven to 350,
Marinate the fetus in excrement
Wait till the top is golden brown
The smell is arising brutality

Emeril Lagasi never cooked like this before
My creation is a feast from a disemboweled whore!

Strong cannibalistic intentions
Forcing me into a hunger
Creating a fetal masterpiece
Devouring premature appendages!

Tripas cocidas!
